

# Leather & PU Product Material & Colour Guide

## Bali

This is a high quality, soft, leather look PU, that can be embossed or screen printed. Available in black from stock on selected items. Colours (Green, red, burgundy, navy, mid blue) are available for minimum orders of 250pcs, but on a made to order basis of approximately 10 weeks.

## Ascot Leather

This is our finecell leather. It is soft and embosses beautifully. Its waterproof coating provides a durable and hard wearing uniform finish. Available in black only as standard, but colours can be made to order subject to minimums and extended lead times.

## Belluno

This is exceptionally high grade soft, leather look Italian PU, which when embossed has a colour change property on the embossed areas. We can screen print, but advise embossing to maximise the brand impact. We offer many articles in 20 different colours.

## Lugano

This is a high quality, soft, leather look PU, that can be embossed or screen printed. Available in black from stock on many items. Colours (Green, red, burgundy, navy, mid blue) are available for minimum orders of 250pcs, but on a made to order basis of approximately 10 weeks.

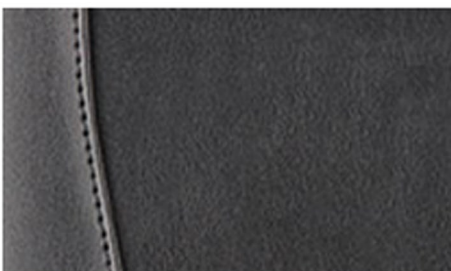

## Bedford

This is leather look economy pvc. Available in black, only, this material is suitable for screen print logos only.
